

BIRD ISLAND

SEYCHELLES

Location

3° 71' South , 55° 20' East

Bird Island forms part of the Seychelles' Inner Islands group. It is located approximately 100km north of the main island of Mahé, making it the northernmost island of the Seychelles archipelago. A 30 minute flight from the main island by light aircraft gives the first stunning impressions of this 101 hectare coral cay. Daily scheduled flights are available or private helicopter and aircraft charters may be organised.

Authentic Island Living

Experience authentic island living in this private nature reserve and bird sanctuary where simplicity is the key.

Fringed by 5km of untouched beaches and turquoise clear waters and boasting only 24 chalets with no televisions and no phones, this remarkable eco-lodge offers the ultimate island getaway. Come and marvel at the thousands of tropical birds, giant land tortoises and breath-taking marine life; unforgettable experiences of Bird Island, Seychelles.

Keeping in line with our eco conscious values, there is **no swimming pool** on the island.

Conservation

Bird Island, Seychelles symbolises the perfect balance between nature and running an ecologically sound hotel. Conservation is at the forefront with a focus on the island's now thriving Sooty Tern seabird colony.

This along with the protection of the critically endangered Hawksbill and Green turtles, have contributed to the Island's remarkable conservation success story.

Join in on the conservation work and learn about this eco lodge's efforts in protecting Bird Island's natural heritage for future generations.
