Nature

Wildlife Monitoring Project

" Within our wildlife monitoring project, we gather and analyze information about flora and fauna from the rainforest in Khaosok area. This allows us to help and preserve this inspiring habitat. "

Save

Elephant Conservation Project

" Elephant Hills is Thailand's most elephant friendly elephant camp. However, we still strive to further improve the lives of both domestic and wild elephants. "

Future

Children's Project

" We help rural schools and children in local areas by raising the standards and improving the quality of their education. "
