

Six Senses Krabey Island, Cambodia

An idyllic 30-acre tropical island is the setting for Six Senses Krabey Island that embraces just 40 private pool villas and is fringed with a boardwalk that is a glorious fusion between land and water. A classic fisherman's house is reflected in the design of the main lobby, lounge and sunset bar, while lush jungle becomes a feature of the dining experience with local, regional and international cuisine and an impressive wine cellar. Guests arrive at the resort's mainland reception before a short water transfer to the island, with Sihanouk International Airport being less than a 10-minute drive and catering to domestic as well as international flights from Phnom Penh, Siem Reap, Ho Chi Minh City and Kuala Lumpur. It also has the capability to facilitate private jets and helicopters. Arrivals by surface can be made by a five-hour drive from Phnom Penh.
