Alila™ KOTHAIFARU · MALDIVES

An awe-inspiring underwater world just waiting to be explored...

Enter a whole new world of rich and diverse marine life in the Maldives or simply lose yourself in our lagoon, where the waters teem with exotic reef fish and stunning corals.

As one of the deeper atolls in the archipelago, the Raa Atoll offers abundant snorkelling and diving options to discover its rich marine life, from colourful corals to manta rays and sharks. Beyond swimming in our stunning house reef, enjoy easy access to the famous Hanifaru Bay UNESCO World Biosphere Reserve in the period from May to November. This protected marine sanctuary is the largest feeding and breeding hotspot in the world for manta rays and if you're lucky, you'll see whale sharks, which at times congregate here in their hundreds.

Alila Kothaifaru Maldives is also close to Vaadhoo Island, one of the best spots to witness the spectacular "Sea of Stars" phenomenon, an extraordinary sight to behold.

Embark on a journey of underwater adventures with our non-motorised water sports activities, including sailing, kayaking and snorkelling, while an expert certified instructor from the Dive Centre by Euro Divers at Alila Kothaifaru Maldives provides unparalleled dive opportunities and PADI certifications.

DISCOVER SCUBA DIVING

USD 154 ++ per person

| 2.5-4 hours

Additional exploration to new dive site

| USD 135 ++ per person

The Discover Scuba Diving programme is designed for those who wish to try scuba diving for the first time or for those who do not wish to become a certified diver but still enjoy diving on holiday. The course establishes some basic dive theories and puts them into practice in our lagoon and with a dive in our house reef up to 12 metres deep.

ACTIVITIES FOR LITTLE ONES

PADI Bubblemaker

USD 110 ++ per kids

| 1.5-2 hours

Give your little ones an experience to remember with our PADI Bubblemaker programme which allows kids aged 8 and up to experience diving at a very shallow depth in our lagoon as well as underwater educational games to learn more about marine life.

Kidz Discover Scuba Diving

USD 154 ++ per kids

Designed for children aged 10 years old and above to dive up to 12 metres in our house reef. They will learn the basics of breathing underwater, the secrets of proper immersion, the correct use of equipment, and how to signal to the instructor and other divers underwater. Parents are also welcome to be part of these activities.

PADI eLearning Courses

Prior to your dive experience, start your scuba training digitally whenever, wherever it is convenient for you. PADI eLearning is the easiest way to fit scuba lessons into your schedule. Work at your own pace, online before your arrival or offline in the comfort of your villa during your stay either by reading a book or watching some videos provided by our Dive Centre. After completing the eLearning, you will be able to practise on the open water.

Open Water Course

USD 721 ++ per person

| 3-5 days

The open water course is the entry level course to become a qualified recreational scuba diver. This course teaches more extensive basic dive theory and is perfect for those who wish to go on multiple dives during their trip or continue diving in the future.

Advanced Open Water Course

USD 738 ++ per person

| 2-3 days

The advanced open water online course is designed to give you a deeper understanding of dive theory and allows you to specialise in various aspects such as navigation and buoyancy control. This also gives you the ability to dive at a maximum depth up to 30 metres on all future dives, opening new doors to your diving adventure. This course will take you on five adventure dives: underwater navigation, deep dive and three other specialties that are entirely up to you. This course is perfect for those who wish to increase their proficiency as divers and dive deeper than 18 metres.

Nitrox Course

USD 248 ++ per person

| 2-3 hours
available on the island

The nitrox specialty course will guide you on the required theory to embark on nitrox dives in the future. Nitrox is a special mix of gases that allows you to dive for a longer period and is safer because it absorbs less nitrogen from your body.
