Between the tropical vegetation and the iconic granite boulders, Cheval Blanc Seychelles unveils a contemporary Maison nestled on Anse Intendance, the Seychelles' most beautiful bay.

Curled up on the beach or perched on the hillside, 52 villas have been imagined by architect Jean-Michel Gathy as an ode to creole traditions and a tribute to Nature. And out of sight, on the beach facing the turquoise horizon, a 5-bedroom exclusive villa embodies the quintessence of Cheval Blanc Art de Recevoir.

Culinary art is celebrated through five creative scenes: Mizumi, the Asian restaurant by the lake, Vivamento, the vibrant Italian pool-side bar, Sula, the feet-in-the-sand beach club, and Cheval Blanc's signature concepts, Le 1947 French gastronomic restaurant and Le White cosmopolitan restaurant.

This peaceful retreat also boasts a collection of wellness rituals by Guerlain at the Cheval Blanc Spa, a swimming pool, a fitness centre, a surf simulator and two tennis and padel courts.

Little ones are invited to enter a world of amazement at Le Carrousel kids' club while our Ambassadeurs craft memorable bespoke experiences for each and every guest.

## BEACH VILLAS

Nestled just in front of the pristine stretch of sand of Anse Intendance, the Beach Villas reveal a contemporary interpretation of traditional creole architecture.

Each villa welcomes lavish indoor and outdoor spaces, including spacious bathrooms and adjoining dressing rooms, as well as thoughtfully-designed living spaces that seamlessly extend to a tropical outdoor patio.

Outside, amidst the tranquillity of the verdant garden, the 13-metre-long swimming pool invites to indulge in island relaxation while the beach-side lounge and al-fresco pavilion are the promise of memorable starlit evenings.

Ensuring the privacy of each guest, some of the Beach Villas also feature a second or third bedroom for families and tribes travelling together.
