THE LUXURY OF DOING GOOD: HOLIDAYS WITH A PURPOSE

Enjoying holidays or just a few days off in a luxury setting and at the same time supporting some of the poorest people in Asia is no discrepancy, it is the promise of the Farmhouse Resort & Spa.

THE FARMHOUSE RESORT & SPA IS PART OF SMILING GECKO

The international NPO Smiling Gecko fights poverty in rural Cambodia, with a sustainable, holistic approach that focuses on imparting knowledge to children and adults.

The Farmhouse Resort and Spa plays an important role in this activities. Both in earning money for other projects and also in being the biggest training company.

AT A GLANCE

- 2 infinity pools (one is adult only)
- 2 restaurants with fine dining options
- Pool bar and lounge
- World class Spa with café
- Brand-new gym overlooking an infinity pool, with treadmills, cross trainers and weights
- Daily yoga classes in our yoga shalas
- Bicycles for hire to explore the Smiling Gecko Campus and surrounding areas
- Cooking classes and daily tour program
- Farmhouse shop with organic products and from the Campus locally made handicrafts
- 2 multipurpose spaces seating up to 80 people for meetings, conferences, private functions and celebrations
- Eco-friendly and plastic-free

FACILITIES AND ROOMS

Embedded in the Smiling Gecko Campus, the park-like resort is a place of heavenly tranquillity where the essence of Cambodia can be perfectly experienced. The Farmhouse Resort & Spa has 34 tastefully furnished rooms spread over 17 bungalows in classic Khmer style. All rooms have air conditioning or fans with generous furnishings, such as their own terraces or day beds.

FARMHOUSE RESTAURANT

The resort's main restaurant serves typical Cambodian cuisine from morning to night. The breakfast buffet is served here, as well as lunch and dinner in the evening. The latter is regularly enriched by atmospheric pool barbecues and other themed evenings.

RESTAURANT UN

With the new restaurant “Un” and the “Chef’s Table”, the hotel will have two real fine dining options in the future. This is where the spectacular “New Khmer Cuisine” of our head chef Mariya Un Noun is celebrated. The restaurant will be among the best in the country right from the start. For us, this is best proof that the Smiling Gecko philosophy works – Mariya is a child of the slums and was trained by us.

SANCTUARY SPA

With 8 treatment rooms, its own own pool and the adjoining "Sanctuary Café", our new spa is a real oasis in the middle of a wonderful tropical garden, here we grow rare Cambodian plants, among other things. The spa is definitely another reason to spend a few days at the resort.

POOL BAR AND LOUNGE

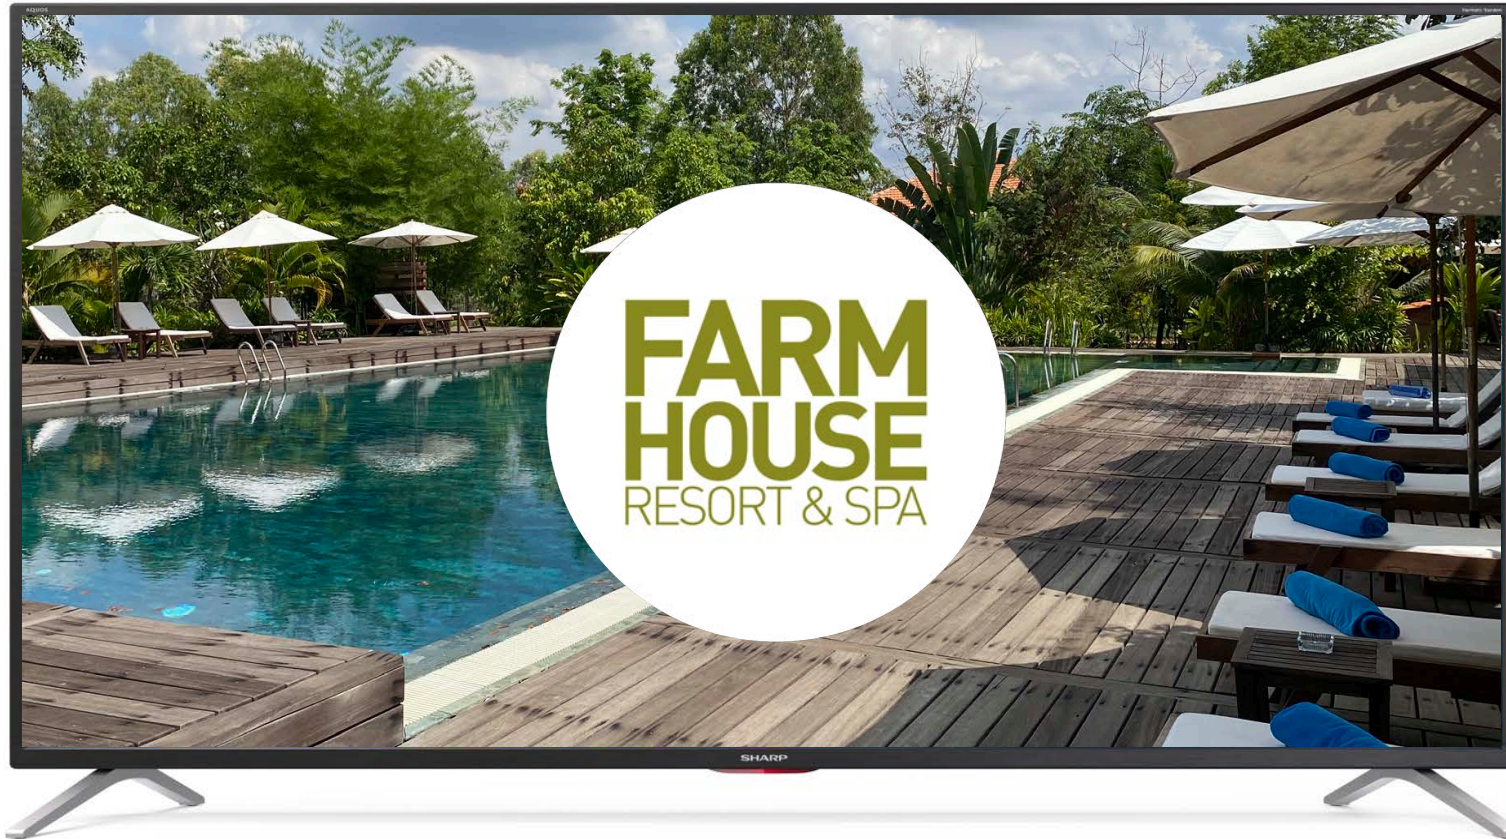

With climatic conditions such as those prevailing in Cambodia, the pool is a focal point of every hotel. We are proud that our saltwater pool is particularly beautiful and, with the attached pool bar and lounge, also offers two fantastic opportunities to switch off.

LOCAL ATTRACTIONS

Cycling around and a guided tour of the Smiling Gecko Campus are highlights of a visit to us. But there are also numerous other ways to experience rural Cambodia. Be it a temple tour, a visit to a palm wine factory or a mentally demanding visit to the slums of Phnom Penh. And why not learn how to cook typical Khmer dishes at our cooking classes.

VIDEOS

We have a couple of videos about the Farmhouse Resort & Spa, Smiling Gecko and Mariya Un Noun. We are happy to integrate the Vimeo-Links for Online-Screening in this presentation but can also provide you with stand-alone files to integrate in your own presentations.
