## Oberoi Signature Massages

---

We invite you to experience our  
A luxury holistic therapy for body, mind and soul.

### Signature Kasa bowl Therapy 75 minutes / 1400 MAD

This therapy features ancient Indian traditions such as Kasa bowl massage. Kasa bowls originate from Ayurvedic practice. These small, round bowls are made from an alloy of five metals that have therapeutic virtues. The potency of the natural products and the bowl combine to ease anger and anxiety, combat insomnia, relieve stress and improve circulation.

### Signature Dhara 75 minutes / 1400 MAD

Our signature dhara is a gentle stream released on to the forehead, activating the third eye and easing deep-seated tensions. After a full body massage, your therapist pours warm water in a continuous stream over the forehead or 'ajnamarma', an area where nerves are highly concentrated. The flow of the water onto the forehead creates a vibration and soothing warmth that allow the body, mind and nervous system to experience a deep state of rest, similar to meditation. The therapy directly and immediately calms, relaxes and has a cleansing effect on the mind and nerves.

### Aromatherapy 60 minutes / 1200 MAD

This therapy uses revitalizing blends of natural oils extracted from herbs, flowers and fruit to soothe the senses and relax the mind. Blissful aromas fill up the room as your therapist delivers stimulating strokes, increasing circulation, balancing your body's nervous responses and energizing spirit. Customized to your specific needs.

### **Chinese Meridian Acupressure 60 minutes / 1200 MAD**

Based on the principle of Traditional Chinese Medicine, 'Qi' is the energy pathway, which flows along the meridian line. This oil-free massage enhances your energy pathways, balances any disharmony and improves vitality.

### **Volcanic Hot Stones 90 minutes / 1700 MAD**

Smooth volcanic stones, potent with the Earth's energies, are applied with warm oils and gliding strokes over your body. This massage is especially good for improving the quality of sleep.

### **Himalayan Singing Bowl 90 minutes / 1700 MAD**

This therapy uses revitalizing blends of natural oils extracted from herbs, flowers and fruit to soothe the senses and relax the mind. Blissful aromas fill up the room as your therapist delivers stimulating strokes, increasing circulation, balancing your body's nervous responses and energizing spirit. Customized to your specific needs.

### **Wellness Foot Reflexology 45 minutes / available as an add-on**

With this non-clinical foot reflexology massage, your therapist applies pressure to various acupressure points on your feet to help activate the vital reflex energy points and aid overall circulation.

## Silhouette Treatments

Combining the virtues of warmth, steam and natural beauty products, the Hammam becomes a place of relaxation and purification to help you take your time and shed the stressed-filled layers you carry. The fragrant steam embalms the senses, perspiration detoxifies the body and the scents encourage a delicate feeling of relaxation and drowsiness to settle in.
