

The 'Zuri Corona-Safe Hospitality Concept' is based on our unique architectural layout and the core elements of welcoming hospitality combined with health & safety, wellbeing, and the immunity of guests.

"The Luxury of Space" gives us the opportunity to cope with new social-distancing requirements, completely naturally.

- Open-air public spaces within 32 acres of a tropical micro-universe: **fresh air everywhere instead of ventilation**
- 56 individually built bungalows, suites and villas with private terraces: **each guest room is located in a separate house**
- An uncrowded holiday resort with limited occupancy: **it is all about you and Mother Nature**
- A 300 metre-wide private beach and 32 metre infinity pool with **sunbeds distanced 5 metres apart**
- Beautiful and spacious Spice Garden offering a number of **hidden corners for private relaxation**
- Restaurants with **suitably-spaced furniture**

Our guests and employees are equally important to us. From arrival through your whole stay at Zuri we make sure that **you are in good (and clean) hands.**

- **Airport VIP lounge** option with speedy processes
- **Mask and sanitizing kit** for each guest and employee
- **Guest Relations mobile phone access/app**
- Meals pre-ordered to reduce waiting time
- Room service orders
- **Water sports activities** with strict hygienic rules

With an upgraded wellbeing programme and its use of local superfoods, Zuri is the perfect place to revitalize both body and mind. Let all the stress of the past few weeks ebb away...

- Arrival temperature check
- **Wellbeing gift**
- **One-to-one** holistic yoga, fitness, mandala and nutrition coaching lessons with our Holistic Manager
- **UV light cleaning and disinfection procedures**
- Resort stand-by private nurse
- **European-standard hospital next to the resort**
