All-Spa-Inclusive

Fusion's famous "all-spa-inclusive" concept is something you won't find outside of our Resorts, and is one of the things we're most proud of. You see, we think that shaking off the distractions of the modern world is one of the most important parts of any vacation, and so, for each night stayed at a Fusion Resort, our extensive spa menu and dedicated spa and wellness facility are at your disposal*, at no extra cost. It's all included in the room rate.

Breakfast Anywhere Anytime

We've got you covered, day or night, with our signature 'breakfast anywhere, anytime'. That means you can have breakfast by the pool, in the spa, on the beach, whenever you want. We'll even bring you breakfast in bed.

Fusionistas

We've done away with the old-fashioned concierge desk, we've thrown out the rulebook on butlers and tour-guides, and, instead, have put together a team of warm, friendly and extremely knowledgeable characters dedicated to personalizing your vacation experience, taking it from "great" to "amazing" in every way possible.

The Hideaway Magic

Choose to unlock The Hideaway Magic and experience an exclusive member-only service, with selective benefits and perks including a timeless stay option to enjoy the flexibility to come and go at your leisure which lets you check out late if you check in late and all-F&B-inclusive options to enjoy unlimited food and drink from our Hideaway menu. Fusion Farm

Fusion Resort Cam Ranh's Farm is one of the largest resort farms in Vietnam.
