Altitude

Altitude is a 6.4 metre tower of spun glass, rising high out of the sea – a wine ‘cellar’ as never before seen. As well as 400 different labels it has an all important tasting table and **Deli** that offers an extensive variety of charcuterie, cheeses, freshly baked breads, as well as pickles and chutneys to match.

Ice

Ice is for those sweet moments, crepes, chocolate and more than 40 flavours of homemade ice cream and sorbets with a huge variety of toppings and sauces.

Chai

Chai is a lounge & bar with every available choice of teas and coffee and a beautiful ocean view for all day chilling.

Chill

Chill Lounge & Bar is built over the water and on several levels. It has a world class cocktail list, inspired by recipes originated in the tropics and introduced to the wider world by those intrepid explorers from centuries past. Local fresh ingredients come into their own and the drinks taste as they were originally intended. Once the unspeakably beautiful sunset dims, the gentle jazz gives way to some soul, some rhythm, some blues with visiting artists and DJ’s adding to the vibe.
